Public Education is Town's &  
Contractor's responsibility

Town Attorney Mac Hunter also stated that both contracts are not voluntary. If the Town would do voluntary it could increase the cost.

The Board expressed some concerns with the provision of market changes in Waste Management contract.

Chip Dodd with Waste Management came forward and spoke to the Board. Ms. Dodd stated that the clause really pertains more to picking up a number of items such as glass and can't rid of it or maybe get rid of it have it processed and have to pay for it. In that instance Waste Management would come to the Town and suggest suspending the collection of glass or does the Town want to pay for that. Waste Management would like protection and be able to come to the Town and say Waste Management would like to suspend the collection. Ms. Dodd also stated that she does not foresee the whole market to collapse.

Scott Horton with Republic Waste came forward and addressed the Board. Mr. Horton stated that Republic Waste did not have a clause for market change and is firm with \$3.05 per month and is ready to start work with the Town of Erwin. Republic Waste supported Earth Day and has very strong interest with recycling.

Derrick Pine with Green Guy came forward and addressed the Board. Mr. Pine stated that he does not have any official contract request however some information has changed since last month. As of July 1<sup>st</sup> he would go instead of an 18 gallon container to a 32 gallon container weekly with the same price which is \$5.00 a month. Mr. Pine stated that he has no issues with the clause discussed earlier, his issue more is recycle the items that are profitable and any profit he receives from selling those goods would be returned back to the community 100%. Mr. Pine also stated that would not ask for a contract more than 2 years to get him established with the Town of Erwin.

Commissioner Baker made a motion to enter into Recyclable Pickup Waste with Republic Waste at their proposed price of \$3.05 per month for pickup services as stated in the contract and was seconded by Commissioner Whitman. The Board voted unanimously.

**MANAGER'S REPORT**

Mr. Thompson informed the Board that the Town was faced with a 13% increase renewal cost with Blue Cross Blue Shield. The Town had been looking into other carriers however was unable to make a change due to the Retirees. The Staff decided to stay with Blue Cross Blue Shield and see how the Town could structure those benefits in such a way that does not create a decrease the level of coverage. The Board was then presented with three (3) options.

It was the Consent of the Board to move forward with the new plan with Blue Cross Blue Shield.

This will still be enough time for the Board of Commissioners to review the Planning Board recommendations.

Mr. Thompson introduced Mr. Hank Raper to the Board. Mr. Raper will be the Town's intern until July. He is studying to be either a Manager of a Municipality or a Lawyer.
