Special Use Signature Page

It is understood by the undersigned that the development and execution of the Special Use Permit is based upon the division of the Town into districts within which districts the use of land and buildings, and the bulk and location of buildings and structures in relation to the land, is substantially uniform. It is recognized, however, that there are certain uses which, because of their characteristics, cannot be properly classified in any particular district or districts, without consideration, in each case, of the impact of those uses upon neighboring land and of the public need for the particular location. Such special uses fall into two categories.

1. Uses publicly operated or traditionally affected with a public interest
2. Uses entirely private in character, but of such unusual nature that their operation may give rise to unique problems with respect to their impact upon neighboring property or public facilities.

The Zoning Ordinance as originally adopted and as subsequently amended is presumed by the Town to be appropriate to the property involved and that the burden of proof for a Special Use approval rests with the applicant. Applicant is encouraged to discuss the proposed use with affected property owners.

It is further understood that prior to the granting of any special use, the Board of Commissioners may stipulate, such conditions and restrictions upon the establishment, location, reconstruction, maintenance, and operation of the special use as it is deemed necessary for the protection of the public interest and to secure compliance with the standards and requirements specified in 9-411.5 of the Town Code. In all cases in which special uses are granted, the Board of Commissioners shall require such evidence and guarantees as it may deem necessary as proof that the conditions stipulated in connection therewith are being and will be complied with.

- Such conditions may include a time limitation;
- Conditions may be imposed which require that one or more things be done before the use requested can be initiated. (For example, "that a solid board fence be erected around the site to a height of 6 feet before the use requested is initiated");
- Conditions of a continuing nature may be imposed. (For example, "exterior loud speakers shall not be used between hours of 10:00 p.m. and 9:00 a.m.")

Compliance with Other Codes: Granting of a Special Use Permit does not exempt applicant from complying with all of the requirements of building codes and other ordinances.

Revocation: In any case where the conditions of the Special Use Permit have not been or are not being complied with, the Building Inspector shall give the permitted notice of intention to revoke such permit at least ten (10) days prior to a Board of Commissioners review thereof. After conclusion of the review, the Board of Commissioners may revoke such permit.

Expiration: In any case where a Special Use Permit has not been exercised within the time limit set by the Board of Commissioners, or within one year if no specific time limit has been set, then without further action, the permit shall be null and void. "Exercised" as set forth in this section shall mean that binding contracts for the construction of the main building have been let; or in the absence of contracts that the main building is under construction to a substantial degree; or that pre-requisite conditions involving substantial investment are contracted for, in substantial development, or completion (sewer, drainage, etc.). When construction is not part of the use, "exercised" shall mean that the use is in operation in compliance with the conditions set for in the permit.

Duration: Duration of a special use and any conditions attached shall be perpetually binding to the property unless it is expressly limited.

IMPORTANT

This is a complete Special Use Application package consisting of 10 pages. For this application to be accepted, it must be completed and returned with all required documents and entries.

Do be aware that under certain conditions the applicant may be required to obtain a Driveway Permit from the NC Department of Transportation prior to Special Use Permit approval.

Using the Zoning Ordinance

- Go to the applicable zoning district in Article 3. That section will serve as a guide to begin the development of your site plan. This section will also direct you to pertinent requirements such as: parking, sign, lighting, and other general provision such as streetscape requirements and other general development regulations that may apply to the proposed development.
- Be sure to read Article 11 – Special Uses.
- Complete the Special Use Permit Application, the Special Use Signature page, and the Record of Adjacent Property Owners sheet; and include other required information with the application. Use additional pages if necessary. Adjacent property owners' names must be from current Harnett County tax listing; so this requires that the applicant contact Harnett County. Addresses of the adjacent property owners must be complete which includes name, mailing address, and zip code.
- The submitted site plan must be drawn to scale and include all dimensions and required provision. Of these dimensions and other requirements, be sure to include the following:
 - Existing structures on the proposed lot, their dimensions and distances between on another and the lot's property lines
 - Proposed structures including their dimensions and distances from other structures on the lot and proposed distances from property lines (i.e. setbacks)
 - All easements and rights-of-way located on the proposed lot
 - All natural features including tree lines, drainage ways, etc.
 - The location and dimensions of required parking area(s) as may be required by Ordinance
 - Proposed lighting plans as may be required by Ordinance
 - Demonstration of the placement of buffers and streetscape as may be required by ordinance

Processing Requirements

Special Uses are not Uses by Right. It is the responsibility of the applicant to demonstrate that the requested use will meet the minimum requirements set forth in the Erwin Zoning Ordinance. The Board's decision will be greatly influenced by the completeness and neatness of the submitted application.

A requested and very necessary tool is the site plan. Its importance cannot be overstated. Applicant is encouraged to portray in detail and to accurately scale the property boundaries, improvements, and any natural features. In some cases, approval or denial may depend on the quality of the Site Plan.

If the proposed use involves business operations, description of the anticipated activity needs to be sufficiently disclosed. This will assist the Board in determining the Town's infrastructure capability, the public health and safety considerations such as traffic and noise, and how neighboring property may be affected.

All uses require dedicated parking spaces and some may require lighting, buffering, fences, landscaping, and other elements. It is suggested that the applicant spend some time reading the Town's Zoning Ordinance prior to application. Copies of the Zoning Ordinance may be purchased at Town Hall. Copies are available in the Erwin Library and Town Hall for review. An electronic copy of the Ordinance can be found on the Town website as well at www.erwin-nc.org.

A complete application consists of all documents included in the application package and any required maps, site plan, and/or related documents. These documents become the property of the Town. It is the applicant's responsibility to submit 10 copies of this completed application. Each member of the Governing Board receives a copy including the Town Manager, Town Clerk, Town Attorney, and Code Enforcement Officer.

The completed application and fees must be submitted no later than the first Friday of the month to be placed on following month's Town Board Agenda.
